NEWSPAPER HISTORY

The Rockland Gazette was established in 1846. In 1874 the Courier was established and consolidated with the Gazette in 1882. The Free Press was established in 1885 and in 1891 changed its name to the Tribune. These papers consolidated March 17, 1897.

Hated never yet was overcome by hatred, but hatred is always overcome by love.—Buddha.

WORD OF APPROVAL

Chamber of Commerce Praises Strand Theatre For Its New Service.

Editor of The Courier-Gazette:—

Any enterprise which attracts people to our community is commendable. Strand Theatre, under the management of Joseph Dondis, has added to its plant the installation of Vitaphone, Movietone and Non-Sync apparatus, at a cost of \$27,000.

This is in line with other progressive centers the country over. The Strand's new equipment is equal in quality to the best of such service in the State of Maine and is the only Vitaphone and Movietone installation between Portland and Bangor.

This addition to Rockland's social life is in keeping with the city's tradition of being "the biggest little city in New England," and the Chamber of Commerce is pleased to add its word of praise and commendation to the management of Strand Theatre. In so doing it voices the opinion of a large cross section of the community.

Charles G. Hewett, Secretary.

GRANGE HAS GROWN

Will Show Considerable Increase In Membership and Grange Halls.

The Maine State Grange will show a considerable gain in membership by the next annual session, according to State Master Abbott.

For the last few years Grange membership in the State has remained about the same figure. The new membership which has come in each year has been little more than enough to take care of losses.

In the ownership of Grange halls, Maine subordinate Granges are making a decided increase until Maine now leads the Grange states in this respect.

The total value of Grange halls in Maine is more than \$2,000,000. Of the 446 Granges in the State 360 own their own halls. Sagadahoc is the banner county proportionately, having a 100 per cent plus record with 10 Granges owning Grange halls.

Since Oct. 1 new Grange halls have been dedicated to the value of \$50,000.

Entertainment at K. P. hall Monday evening, Feb. 18, auspices Old Fashioned Singing School. 16\*18

"ST. PETE" IS BEST

So Thinks Henry A. Howard, Who Is Revelling In the Sunshine

St. Petersburg, Fla., Jan. 31

Editor of The Courier-Gazette:—

St. Petersburg is called the sunshine city and the name seems appropriate. I have been here just a month. Last Monday it was fair in the morning, but showery in the afternoon. With this exception the weather has been perfect every day. Most of the clubs and societies use the word "sunshine" as a mark of approval for this section favored by nature. There is the Sunshine Roque, Sunshine Quilts, Sunshine Card, Sunshine Horseshoe, Sunshine Tourist Dancing, Sunshine Health Club, etc.

The largest in point of numbers is the Shuffleboard Club which has nearly 2,000 members. The Tourist Dancing Club is next in size with about 1200 members, most of whom are not what would be called "young folks," but they get a lot of fun down here. The Health Club is unique in one respect. They meet at the new Solarium near Spa Beach. The men take the giving ultra-violet rays dressed just as they were when they came into the world. There is a separate place for women, but I have been unable to ascertain whether they appear in the same manner—which refutes the old saying that women cannot keep a secret.

In my opinion St. Pete offers many advantages not found elsewhere. Where, in the whole world is there another city with wide, clean paved avenues, laid out with mathematical accuracy—where there is neither smoke nor dust, with plenty of room to park your car obliquely so that you can back out whenever you want to, where traffic cops are unnecessary as motorists obey the automatic signals, and where all the principal streets, avenues and parks are supplied with just as they were when they came into the world. There is a separate place for women, but I have been unable to ascertain whether they appear in the same manner—which refutes the old saying that women cannot keep a secret.

BY LOCAL TALENT

Biblical Play "The Rock" At Methodist Church Next Wednesday Night

A Biblical drama, entitled "The Rock" will be presented by local talent at the Methodist church next Wednesday evening at 7.30 o'clock. "The Rock" written by Mary P. Hamlin, is a play in three acts, showing the character development of Simon Peter.

This drama was chosen as one of the prize plays in the religious drama contest of the Drama League of America, and its first public performance was given by the Pilgrim Players of Evanston, Ill., at the convention of the Drama League. It is one of the religious dramas selected by the committee on religious drama of the Federal Council of the Churches of Christ in America and is the first play in their first volume of religious dramas, published in 1924.

It has been presented a great number of times since at church and religious conventions, and has never failed to receive a large hearing and enthusiastic reception and commendation. The presentation Wednesday evening is under the direction of Rev. Jesse Kenderdine, pastor of the Methodist church, and will be the third time of presentation under his coaching. The other occasions were during two consecutive pastorates in Minnesota. The cast: Simon—a fisherman, Rev. Jesse Kenderdine; Adina, his wife, Miss Louise Doherty; Deborah, her mother, Mrs. Thelma Stanley; Ucal, her uncle, Ralph U. Clark; Mary of Magdala, Mrs. Gershon Rollins; Pandira, a Greek, Alfred Pugh; Titus, a Roman officer, Parker Worrey; Agur, a physician, John Brubaker; Servant to Magdala, Mrs. Anna Gay.

The play is to be presented in Oriental costume, is true to the Biblical atmosphere, and faithfully portrays the transforming power of the Christian gospel.

Tickets may be procured from members of the cast. A special price has been made for all school children.

Rough Sledding For St. Clair's Pharmacy Bill—Two Bridges Wanted—A Boxing Commission

The bill introduced by Representative St. Clair of Rockland to amend the law on registration of apothecaries is apt to strike hard sledding in its legislative journey, according to indications at the State House as seen by the Kennebec Journal, which says:

"In the first place, the measure has not the sanction of the Maine Pharmaceutical Association and Hon. Lewis A. Barrows of Newport, second vice president of that organization will appear at the committee hearing in opposition.

"Objection is made to the provision of the bill which specifies that new applicants for registration must present satisfactory evidence that he has been an apprentice or employed in a drug store at least four years and has graduated from some regularly incorporated medical college or college of pharmacy, these qualifications being in addition to the examination by the State Pharmacy Board. The objection is based on the fact that the educational requirements were raised last year and that there is no incorporated medical college or college of pharmacy in the State of Maine. The point is also made that the Maine standard is now up to that which allows reciprocation with other states in the matter of registration.

"There is also objection to the provision in the proposed measure which specifies that failure to pay a fee for renewal of registration for five consecutive years shall authorize the commissioners to revoke such registration and thereafter the person whose registration is so revoked shall not resume the practice of pharmacy in the State of Maine without again taking and passing the State board examination. In this instance it is pointed out that some years ago a similar registration provision was in effect, but was eliminated and the Maine druggists do not desire it restored.

"Further objection is voiced to the provision that the commissioners of Pharmacy shall visit and inspect twice every year every drug store in the State of Maine, the point being made that such inspections are unnecessary as such work is now done by the State Department of Agriculture.

.....

The fight for a highway bridge across the Kennebec river between Richmond and Dresden, commenced at the 1925 session of the Maine Legislature, will be renewed at the present session and a bill providing for its construction was introduced in the House of Representatives Tuesday by Hawkes of Richmond. The bill authorizes the creation of a commission to build the bridge, to be known as "Maine Kennebec Bridge," and the cost is not to exceed \$550,000.

.....

Senator Dunbar of Hancock presented in the Maine Senate, Tuesday afternoon, an act authorizing the Parkland Construction Corporation of New York to construct, maintain and operate a toll bridge across the Penobscot River between Prospect in Waldo County and Bucksport or Verona in Hancock County. No other bridge across the Penobscot River shall be authorized to be constructed within three miles of the location of this bridge without the written consent of the Parkland Construction Corporation.

The corporation is authorized to establish, charge and collect such rates as will pay a reasonable return upon the original actual cost of constructing the bridge, these rates to be subject to the approval of the public utilities commission before becoming effective.

For the purposes of the location, construction, maintenance and operation of this toll bridge there is conferred upon the corporation the right to enter upon lands and to take by right of eminent domain all such lands, including any State, public or reserved lots excepting Port Knox Reservation.

NEW YORK BOSTON PHILADELPHIA

TALK OF THE TOWN

Cement is being poured for the foundation of the new annex to Moffitt block.

The Lawrence Packing Company has suspended the packing of clams until the first of March.

Glenn A. Lawrence and Capt. Alfred Lord are on a trip to Tiverton, N. S., with the purchase of a smack in prospect.

Arrangements are being completed for the telephone dance of Monday night which will be held in Temple hall. The girls always give a jolly party.

Mrs. W. A. Field, who fell last Friday afternoon at Maverick square, and broke her right arm at the elbow, is getting along comfortably, although still confined to her bed.

Word has been received in this city of the death of Capt. William K. Richard of Seattle, Wash. Capt. Richard died suddenly Monday. His wife was formerly Estelle Thordike of South Thomaston. Much sympathy is felt for the family.

The illness of Athletic Director Heal is a handicap to the Rockland High School boys' basketball team, which, however, was fortunate in having such an able substitute as Charles C. Wotton. One way and another this young man is pretty nearly indispensable in Knox County athletics.

A crate of grapefruit, thoughtfully presented by Vice President Porter of the Lawrence Portland Cement Company was divided among the members of the police force. The ship which befall Marshall Webster's haul resulted in an amusing scramble.

Private Lloyd E. Daniels of Rockland is ordered to appear for the purpose of establishing his eligibility for a commission as second lieutenant in the Coast Artillery Corps at such time and place as may be designated by the examining board, the president of which is Lieut. Col. Henry W. Owen, Jr., 240th Coast Artillery.

A package came to The Courier-Gazette from Matineus Tuesday. "The enclosed is what we are growing wild out here, and it is not a violet either," wrote W. Scott Young, Enclosed was a live caterpillar which laid Matineus so well that it refused to stay under cover even in winter.

A power boat seized not long ago by the liquor enforcement men was sold at auction by Deputy U.S. Marshal Walter Keene at the Sea and Shore Fisheries departments wharf Tuesday, the buyer being Ernest A. Murphy of Bernard, who paid \$235. The craft was registered as A 2724 and is a 32-footer.

Penobscot View Grange members, tonight, will sing some of the old favorite songs. F. S. Philbrick will play the violin, the "paper bag," stunt and "the mammoth sneeze" are expected to provoke some laughter and the anniversary of Charles Dickens calls for quotations, names of books and glimpses of characters created by this author. Mrs. Mary A. Gregory and Minnie Miles will have readings and Louise S. Ingraham will give some of Roger W. Babson's amazing predictions as to changes that will take place in the next few years in our manner of living.

Samuel Shapiro stepped into the Postoffice last night and upon emerging found his automobile ablaze. An alarm from Box 25 promptly filled the square with fire apparatus and the cars of the curious. Twenty seconds work with an extinguisher ended the blaze with no very extensive damage as all the fire was about the engine. Quoth one spectator "It seemed as though the chemical would never get there and less than two blocks at that." Says another man "The way those engines went was something ridiculous. Like a matter of life and death, just for an automobile blaze. The drivers ought to be arrested." Its all in the point of view.

Frank H. Ingraham returned Tuesday from a trip "cross country" to Waterville and Augusta with Rev. H. S. Kilborn of Thomaston. In Waterville, Monday, they attended the session of the convention board of the Maine United Baptist Convention as representatives of the Lincoln Association on the Board. In Augusta, Tuesday Mr. Ingraham was at the courthouse on legal business and at the State House on matters connected with the State Board of Arbitration and Conciliation of which he is chairman. The road conditions were good, the weather fine and the landscape and scenery presented a pretty winter picture, especially Tuesday morning when the trees were frosted and white in the sunlight.

YOUR FAVORITE POEM

If I had to live my life again I would have made a rule to read some poetry and listen to some music at least once a week. The loss of these tastes is a loss of happiness.—Charles Darwin.

ONCE ON A TIME

Once on a time, once on a time,  
Before the Dawn began to shine,  
There was a nymph of Dian's train  
(Who was a beauty of the main)  
Once on a time, once on a time,  
Who loved a lass at home;  
Once on a time, once on a time,  
Who loved a queen of Rome.

The world has but one song to sing,  
And it is ever new.  
The first and last of all the songs  
For it is ever true—  
A little song, a tender song,  
The only song it hath:  
"There was a youth, once on a time,  
Who loved a girl of Gath."

A thousand thousand years have gone  
And aens still shall pass  
Yeshall the world forever sing  
Of him who loved a lass—  
An older song, a golden song,  
And sing it unafraid:  
"There was a youth, once on a time,  
Who dearly loved a maid."  
—Hendall Baunlag.

HAVE COLOR IN CHEEKS

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-god feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 20 years of study. Olive Tablets are a purely vegetable compound mixed with olive oil. Know them by their olive color.

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause.

Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. Take nightly and note the pleasing results. Millions of boxes sold yearly. 15c, 30c, 60c. All Druggists.

# The Courier-Gazette

THREE-TIMES-A-WEEK

## CIRCULATION AFFIDAVIT

Rockland, Me., Feb. 7, 1929.  
Personally appeared Frank S. Lydell, who on oath declared that he is Pressman in the office of The Courier-Gazette, and that of the issue of this paper of Feb. 5, 1929, there was printed a total of 6324 copies.  
Before me, FRANK R. MILLER,  
Notary Public.

As I live, saith the Lord God, I have no pleasure in the death of the wicked. . . . Turn ye, turn ye from your evil ways; for why will ye die, O house of Israel?—Ezekiel 33:11.

## THE STATE POLICE

The effect of Attorney General Robinson's ruling that the State Highway Police have no power to concern themselves with offenses not directly concerning the highway laws, has not been fully sensed as yet, but the rumblings which are heard leave no doubt that there will be an uprising of Maine citizens against anything that looks like a loophole for those who would defy law and order. We would not keep the watchdog chained if we saw a burglar or a murder being committed; neither should we tie the hands of the State Highway Police. It is all good and proper to see that both headlights are burning; that the driver has a license; that the searchlights are properly focused; that cars stop before they enter from intersecting streets; that drivers are sober, etc., etc., but there are other offenses which offer an even greater menace to the public's welfare, and what better guardians could there be than those men who are constantly patrolling the highways of the commonwealth, and who with their motorcycles could run down a dangerous criminal before the average policeman or sheriff could crank his fiver. The cities know the value of such protection as the State Highway Police are able to offer; and we prophesy a vigorous protest from the rural sections when they come to realize what is being taken away from them.

Probably because it is well managed, and surely because it is an indispensable institution, the New England Telephone & Telegraph Company is a solid and prosperous concern. The annual report shows that last year its net earnings increased 6.1 per cent over those of the preceding year. There was a net gain of 29,572 telephone installations, and while this growth was not quite up to expectations, there was an offset in the fact that operating expenses decreased 3.6 per cent. The corporation intends to expend about \$25,000,000 in construction and equipment this year, and Knox County is coming in for a proportional share of this investment.

We have always felt such implicit faith in the wisdom of President Coolidge, coupled with occasional distrust of the House and Senate, that it seems almost like sacrilege to nurse a feeling of satisfaction because Congress has disregarded the Executive wishes and passed the cruiser bill with time clause. To the Maine senator Frederick Hale, must have come a feeling of tremendous satisfaction as he saw his long fight for the project endorsed in that body by the vote of 68 to 12. It sounds like the old days to see a Maine man leading a victorious fight on a matter of such great national and international importance, and will add vastly to the senior Maine senator's prestige at Washington.

Massachusetts voted overwhelmingly in favor of Sunday sports, and as a result of this action there will be Sunday baseball in Boston for the first time in the "Hub's" history. Opinions differ sharply as to the merits of Sunday recreations, but this does not disguise the fact that such relaxation on the Lord's Day is finding a place in community life in all parts of the country. One does not have to travel out of New England to find that such is the case—welcome or unwelcome as it may be.

Do Americans talk too much? Possibly, but it means the maintenance of the great telephone industry. 64 percent of the world's telephones being located in the United States. It is estimated that the American people talk two and one-half billion times a year over the telephone. Incidentally it may be noted that 88 percent of the lines in the United States are controlled by private capital.

The annual Farm and Home Week is to be held at the College of Agriculture of the University of Maine, March 25-28. From a very modest beginning with but small registration the attendance has gradually grown until every county in the State is well represented by men and women, the registration last year reaching nearly 700, the largest on record. Those in charge of arrangements are planning an even better program than the one in 1928 which several visitors who have attended Farmers' Weeks for many years said was the most worthwhile of any. The program will include lectures and demonstrations on many phases of agriculture and home economics so that there will be something of interest for everyone every hour from the opening Monday morning until the close on Thursday noon. Printed circulars will be prepared for early distribution. Any one interested may obtain a copy by addressing College of Agriculture, Orono, Maine.

# ANNOUNCING OUR NINTH FEBRUARY SALE

## Beginning Saturday, February 9th -- Ten Days of Low Prices

### Every Piece of Merchandise in This Great \$100,000 Stock is Placed On Sale --- COME EARLY

#### "ON MY SET"

The extent to which this little column is being read is frequently shown by communications which come from distant points, as well as here in Knox County—and readers may rest assured that I am always well pleased to get them. Here is a letter from Jamaica, N. Y., which came in yesterday's mail:

"In reading The Courier-Gazette of Jan. 29, I saw where Leroy Luce of Union stated that he could not find Station KMT listed. Thinking I might help him I searched for the information needed. I could not find KMT but I did find KTM and here is the information on KTM: 780 kilocycles, Santa Monica, Cal. Klocwick Broadcasting Corp., 500 watts. 'The station with a smile.' I think Mr. Luce had his call letters a little bit mixed. If any one else had this difficulty I will be glad to help them. I am a reader of your paper very often."

The writer of the above letter is Robert Mitchell, a son of one of my old friends, Joseph C. Mitchell, who sends regards to Rockland folks.

Work on the new 50 kilowatt transmitting plant for station WTIC, a top Avon Mountain, is well under way, and plans are being formulated for an official opening some time late this month or early next. The new station will be one of the most powerful in New England, and will have a reliable range of 200 miles. WTIC is located close to WEEI, too close for their mutual comfort, I sometimes think.

Tuesday's reception made three good nights in succession. The late news bulletins from WEEI came in without interference from some other station for the first time in a week.

To all readers of this department I commend the communication from R. Waldo Tyler in another column. It treats many of the vexations which come to all radio fans and absolves the short-wave operators. What he says about "squealers" is very true. They are rarely heard nowadays, whereas last winter everybody was red-headed about the outrages they committed. The State law has had its effect, and folks are buying the kind of sets that do not convert neighbors into enemies.

From Ralph Daggett of Glens Falls, N. Y. comes this note:

"Tuning in on the low wave stations at 12:55 Saturday night I got a thrill when the announcer of WFBM of Indianapolis said: 'I've just received another one, boys, from way down in Rockland, Me., from May E. Skinner. Guess we'd better add her to our list, too, hadn't we boys?'"

Mr. Daggett is a former Rockland boy, whose friends will be interested to know that he is soon to occupy his new bungalow in Glens Falls.

The second anniversary of the Boston Globe bulletin service is being observed today.

Lots of static last night, and my period of tuning in was a very brief one.

**EVER-CLEAN TABLECLOTHS**

There has just been developed a new tablecloth material which requires no laundering, excepting to wipe off stains with a damp cloth and which cannot be distinguished at sight from the Irish damask. So perfectly does this remarkable material simulate linen that the difference can only be told by touch. These tablecloths, known as Fairy Damask, are made in white and a number of colors and are hemstitched all around. They are durable and stain-proof and are not affected by hot dishes. A flannel back protects the table top and the cloth drapes as gracefully as heavy damask. While possessing all the advantages of oilcloth, the new material is entirely different in elegance of appearance and character. Various other articles for which linen is ordinarily used are also made from it.

#### BOXERS ALL SET

For Tomorrow Night's Big Show—Union Is Coming Down In a Body

All set for the boxing exhibition at Spear's hall Friday night.

The Keady and Canadian Kid bout is receiving a lot of attention from the fans, but the management states that the Clukey-Hurd bout and the Fisher-Mallon clash will furnish just as many thrills although perhaps not quite as spectacular. Young Keady walked two miles Monday and cut two cords of wood and was home at 4 o'clock p. m. This is only part of the daily training. The "Old Man" Keady reports that he is hard as nails and eats two pounds of steak every day for his dinner. The East Union bunch has already reserved 20 seats for the entertainment.

Young Clukey realizes that he has a tough man in Young Hurd and can be seen on the road or at the gymnasium putting in 16 hours of hard training. Five miles before breakfast and eight more miles before dark is just one incident in his daily routine. Bud Fisher always in the pink of condition is full of confidence that he will have no trouble getting away with Mallon, although plenty of change is in evidence that Mallon will put Bud away inside of three rounds. Friday night will settle this argument for all time.

Young Merrill Taylor has trained hard and faithfully and as he is bound to climb the ladder his part of the entertainment will be sure to please. There have been some absurd stories about town that Taylor had "cold feet" and was not going into the ring against Aldrich, but Merrill gives the lie to this yarn, and says that he is going to do his very best. He fully realizes that Aldrich will be the toughest lad that he has gone up against.

A local boy who has never shown before will open the bill against a Canadian boy and this alone will be worth the admission.

#### WITH THE BOWLERS

Remarkably close scores characterized the match in the Triangular League at the Star alleys last night. The results were: Veteran Firemen, 2,346; Independents, 2,342; Forty Club, 2,334. Summaries in Saturday issue. The league standing is:

	W	L	P.C.	Pinfail
R.V.F.A.	4	1	800	12,116
Forty Club	1	4	200	12,007
Independents	0	5	600	11,925

In the Industrial League at the Recreation Alleys Tuesday night Central Maine defeated Standard Oil 1,384 to 1,251, and Burnee Furniture defeated the Federals 1,385 to 1,354. Summaries in Saturday issue.

#### MOVIES

##### STRAND THEATRE

Jack Holt and Betty Compson performed some of the most daring feats of horsemanship ever attempted before a motion picture camera for scenes in Columbia's "Court Martial" which is now being shown. Both Holt and Miss Compson are expert riders. America is given full credit for the defeat of the German Army in the World War, according to the official war picture released in this country by Paramount entitled, "Behind the German Lines." These pictures are the official films taken by the German government and give an unbiased account of what took place "Behind the German Lines," to be shown Friday and Saturday. Preparation for the final big drive of March 21, 1918, which every German heart knew had to be successful to bring the war to an end with victory for them, is shown. The seemingly unending lines of troops going up to the front lines, and the long lines of supply trains give a clear account of what this tremendous drive meant to them. According to an official despatch taken from the files of the German War Office, the war had to be ended by this drive before the full pressure of America was felt on the Western front.—adv.

#### PARK THEATRE

The vaudeville program for today will be La Paiva and Legary Company in "International Song and Dance Revue" with seven people; Smith and Bernard in "Piano Bill from Louisville"; Leon's Dogs, featuring "Peggy" Berger & McCarty in "A Western Union Flirtation." Lightning Weston "Chorized Felt In Art." The screen attraction will be "Golden Snuggles" with Priscilla Bonner and Grant Withers. There is also a two reel comedy and a Sportlight. The feature picture for Friday and Saturday is Jack Holt in Zane Grey's story "Sunset Pass"—adv.

ROCKLAND

#### WE WIN AND LOSE

##### Rockland Girls Defeat the Brunswick Sisters, But Boys Not So Lucky

In the Bowdoin Interscholastic Debating League Tuesday night a team from the Brunswick High School, composed of Eleanor Johnson, Vera Small, Emily Coffin, with Elizabeth Patten as alternate, met a team from the Rockland High School, composed of Myrtle Prillwitz, Carolyn Reed and Anna Green, at the high school auditorium and threshed out the question: "Should the jury system of the United States (as exemplified in Maine) be abolished?"

The local team had the affirmative side, and had the honor of winning in the decision two to one, although it was impossible to make a final vote on the best speaker of the evening, honors being about equally divided between Miss Prillwitz of the Rockland team and Miss Johnson of the Brunswick team. While the Brunswick team seemed more brilliant in presenting the main argument, the Rockland team showed up much stronger in the rebuttal.

The judges were Supt. Frank Rowe of the Warren schools, Supt. F.L.S. Morse of South Thomaston school, and Miss Arlene Warburton, teacher of English in Rockport High School. Miss Anna Coughlin was chairman.

The High School orchestra contributed several selections which were much enjoyed. There was a very good audience, largely composed of High School students, but sufficient to show that the interest in such events is on the gain.

#### We Lose In Brunswick

The boys' debating team from the High School, composed of Alvaro Gay, William Ripley and Lester Sherer, went to Brunswick Tuesday evening and met a team from the Brunswick High School, composed of Robert Hornell, Robert Stetson and Preston Copeland, the latter team having the affirmative side.

The question for debate was the same as the girls' team argued here the same evening, but the boys did not bring home the honors, the decision being two to one for Brunswick.

However Rockland had the distinction of having the two best speakers of the evening, Alvaro Gay and William Ripley, according to the decision of the judges, who were Principal Arthur B. Scott of the Morse High School, Bath; Hugh M. Lewis of the Bowdoin College Library; and U. S. Smith of Lisbon Falls High School.

#### WITH THE HOOPSTERS

##### Big Games Tomorrow Night—Stonington Ambitious—Rockport's Close One

The sporting editor is in receipt of this communication from the manager of the Stonington Graniteers: "The Stonington Graniteers Basketball team is looking for games. Stonington has a fast basketball team this year, which will give a good account of itself wherever it plays. The team has met the fast Belfast Buccaneers, Bar Harbor A.C., Seal Harbor Comets, Sullivan K. of P. Bangor Celtics and many more. We would like to hear from Camden, Rockport, Rockland Ramblers, the Cement Plant Dragons, games to be played here or away. Teams wishing games write or phone Manager of Stonington Graniteers."

Friday night will see two Knox and Lincoln League basketball games when Lincoln Academy and Thomaston

clash at Newcastle and Rockport and Camden fight it out at Camden. Thomaston is doped by some of the experts to lose to the league leading Lincoln quintet, while the Rockport-Camden game is a tossup. In the first game between these two teams, at Rockport, the first of the season the home club nosed out a one-point victory in a hectic game that went into an overtime period.

Rockland High is journeying to Brunswick Friday evening to tackle the fast Orange and Black quintet of Brunswick High in their own stronghold. Last year the Orange Streaks won two easy games from the college town boys but this year will see a couple of strenuous battles, with Brunswick being a slight favorite. Brunswick easily defeated Morse while the locals ran into all kinds of trouble when they played Morse at Bath.

The Rockport High boys defeated the Islesboro High team 43 to 41 at Rockport Tuesday night two overtime periods being necessary to determine the winner. As Islesboro had won the previous game it is planned to play the rubber on Rockland's neutral surface Feb. 22 if the hall can be obtained.

Bowl at Carr's to qualify for the \$25 roll off Friday night, Feb. 8. Every other one will win a prize. 15-17

A good rule to follow in feeding silage to dairy cows is to allow each cow about three pounds of silage a day for each 100 pounds of liveweight.

A tree will make a million matches—and a match may destroy a million trees. Be sure your match is out before throwing it away in the woods.

Feb. 21—"Oh Kay," junior play at High School.  
Feb. 22—Washington's Birthday.  
Feb. 22—High School Fair.  
March 4-5—"Rites" show at Park Theatre.  
March 17—St. Patrick's Day.  
March 20—Spring begins.  
March 31—Easter Sunday.

Knights of Pythias installation tonight, with supper.

Athletic Director Durwood S. Heal is off duty, due to illness.

A lobster supper will follow tonight's installation by Gen. Berry Lodge, K. P.

The first Pomona Grange session in the handsome new hall of Megunticook Grange, Camden is to be held Saturday.

Knickerbocker Class of the Universalist church with ladies, will have a supper and meeting at the Copper Kettle Friday evening at 6.30.

At the annual meeting of the Civil War Memorial Association Tuesday evening Mrs. J. F. Cooper was elected president. Practically the same officers were elected for another year.

Supt. Toner announces that no successor to Ellis G. Thayer, teacher of penmanship, resigned, will be elected for the remainder of the school year, the teachers carrying on the work in their individual rooms.

Golden Rod Chapter observes past matrons and past patrons night tomorrow evening, with supper at 6 under the direction of the new officers, Mrs. Belle Frost, chairman. Members not solicited are asked to furnish sweets.

The first dress rehearsal for The Old Fashioned Singing School entertainment was held last night in K. P. hall. The entertainment is public and will be given Feb. 18 in the hall under the auspices of the singing school being conducted by Miss Bertha McIntosh.

Mrs. Lucius York has added two registered female Boston terriers of the best blood lines to her kennel; also male stud Boston, from champion stock. The father of this dog is one of the litter which sold for \$900. It is blood that counts. Some fine puppies will be produced from this stock.

The Knox County Ministerial Association meets at the Methodist church, this city, next Monday at 10 a. m., and will debate the subject of "Pacifism." Rev. C. D. Paul of Warren will have the affirmative and Rev. T. C. Hughey of Rockport, the negative side. Rev. H. M. Purrington of Warren will read "Skakka," by Tolstoi.

Those who provide food for birds by hanging suet in trees, and throwing out crumbs and other things, are amply rewarded by having the feathered ones come to eat. It is interesting to see the woodpeckers, chickadees, starlings, sparrows, crows, blackbirds and others flit about the tables prepared for them, and give their thanks to donors, by their cheerful chirping and songs.

The State meeting of the BPW Clubs of Maine will be held at Lucerne-in-Maine May 24 and 25, it has been announced. The Bangor club will act as the hostess club, and already plans are under way for entertaining the large number of delegates from the various clubs of the State. The committee from the Bangor club in charge of plans has Miss Maude Aymar as chairman. Plans are being made to accommodate about 400 members.

A public supper will be served Saturday, Feb. 9, between 5 and 7 o'clock at the parish rooms of St. Peter's church. Menu: Baked beans, salads, rolls, cake, coffee. Price 35 cents.—adv. 17-11

Work on the most excellent master degree is scheduled for King Solomon Temple Chapter tonight.

Lincoln's Birthday will be observed by Edwin Libby Relief Corps tonight. There will be work in the afternoon and supper at the usual hour.

An entertainment and supper is on the special program of Winslow-Holbrook Post next Thursday night, Feb. 14. Regular meeting tonight.

Rev. H. R. Winchenbaugh and Louis A. Walker visited the Damariscotta-Newcastle Rotary Club Tuesday, the former delivering his lecture on "The Medicinal Properties of Saurkraut."

The Rockland Chamber of Commerce yesterday passed a resolution opposing the abolishment of certain functions of the State Highway Police similar in character to those previously been passed by the Forty Club and Lions International.

A pool tournament was started last night at Simmons' new billiard parlors in Rankin block. In a 100-point match Rose defeated Jordan 100-56, a 15-run by Rose being high. Tomorrow night Parker Weed will meet Rose, and Charles will meet Jordan. The fun starts at 7 o'clock, and there should be plenty of excitement, as the contestants are among the best pool players in the State.

Miss Dorothy Bryant, supervisor of the dental hygiene division of the State Department of Health Augusta, was in the city Tuesday, in conference with Miss Amanda Breck, itinerant dental hygienist, who is working on the sub-primary, first and second grade pupils under the auspices of the Red Cross. Miss Bryant and Miss Breck motored to Camden through the courtesy of Ralph L. Smith, Tuesday afternoon, where Miss Bryant spoke before the Parent-Teacher Association.

Ruth Mayhew Tent, Daughters of Union Veterans, met Monday evening and at intermission the postponed baby show was held. These youngsters were numbered and much merriment was caused by speculation as to who they were. It is perhaps needless to say that they were photos and tin types of the officers of the Tent taken in babyhood. Only one guessed who they all represented. The next program will be to celebrate the birthdays of George Washington and Abraham Lincoln.

What are the Keys to Happiness? What is life for anyway? What aims, motives, plan of life, influence, activities, habits, methods, principles predominate in the lives of those who derive from life its greatest satisfactions? This is the general discussion topic for the next meeting of the Woman's Educational Club, Feb. 15, when it is hoped all members will contribute their own pet theory and practice. On the previous discussion as to card playing for prizes, there was general and varied participation, pronounced a most thought-provoking evening, a friendly spirit prevailing amid different views, expressed with both frankness and tolerance for others. "What invaluable practice for us women this practice of all the rights of free speech is proving and what a loss to the community if this club should cease to function," says Mrs. Mary Perry Rich, the club president.

Don't forget the Bible drama "The Rock," a home talent play in 3 acts at the Methodist church Wednesday, Feb. 13, at 7.30, admission 50 and 25 cents.—adv.

Bowl at Carr's to qualify for the \$26 roll off Friday night, Feb. 8. Every other one will win a prize. 15-11

The story of "Puss and the Pitcher of Cream" was re-enacted at the Northend Tuesday afternoon, when a cat was seen distractedly running around with a tin can on his head. It was a salmon can and in trying to get some fish from it, the feline got beyond his depth. A boy tried to remove the can but the frantic action of the cat would not allow him to succeed. A dog barking attracted the attention of the cats owner but it received the combined efforts of both the man and the boy to extricate puss from his unfortunate dilemma.

The Brotherhood Bible Class met in semi-annual session at the First Baptist church, Monday of last week, an appetizing supper being served by Mesdames Brewster, Cassens, Carter and Snow. This was followed by election of officers and a short business meeting. These officers were elected: President, Maurice R. Snow; vice president, R. Anson Crie; secretary, Edwin H. Crie; treasurer, George A. Brewster; teacher, Frank H. Ingraham; assistant teacher, Rodney I. Thompson. The nominating committee was G. Carl Cassens, William J. Frye and Walter E. Snow. Vocal solos by Misses Faith Ulmer and Lorna Post were enjoyed with Mrs. Elsa Constantine at the piano. Dr. H. V. Tweedle gave a very interesting talk on his experiences in Alaska, exhibiting souvenirs brought therefrom. The committee in charge of the affair was composed of Edwin H. Crie, Maurice R. Snow and George A. Brewster, who are entitled to credit for an enjoyable occasion. The class meets each Sunday at noon at the BPW Club room nearly across from the church. G. Carl Cassens is song leader and Miss Margaret Egan, pianist.

Public card party at Thorndike Grill Friday night, auspices St. Bernard's church. Tickets 50 cents.—adv.

#### BORN

WILEY—At Cooper's Mill, Feb. —, to Mr. and Mrs. Alfred Clark Wiley, a daughter.  
ALLEY—At White Head Light, Jan. 26, to Mr. and Mrs. Frank Alley, a daughter, Thelma Loria, weight 11 pounds.  
PARKER—At Waltham, Mass., Feb. 5, Mrs. Sylvia Parker, formerly of Hope.

#### MARRIED

MORIN-BURKITT—At Rockland, Feb. 5, by Rev. Fr. James A. Flynn, Arthur Morin and Irene H. Burkitt, both of Camden.

#### DIED

MANCHESTER—At Camden, Feb. 6, Elsie W. Manchester, aged 75 years, 3 months, 23 days.  
MATSON—At Thomaston, Feb. 6, Alno J. Matson, a native of Finland, aged 37 years, 4 months, 21 days. Funeral at 2 o'clock Saturday from the Finnish church.  
DEPREES—At Washington, D. C., Feb. 5, Joseph H. DePrees, a summer resident of Camden.  
RICHARDS—At Rockland, Feb. 6, Clyde D. Richards, aged 29 years, 8 months, 15 days. Funeral at 2 o'clock from residence of Lewis Richards, West Rockport.  
HASKELL—At Thomaston, Feb. 6, John A. Haskell, aged 79 years, 6 months.

### LIONS ALSO OPPOSE

Take Unanimous Action In Regard To State Highway Police

The Lions found themselves minus the services of their regular speaker yesterday, and in this emergency Fernando S. Philbrick volunteered with the same promptness and willingness that he did in Civil War time. His story concerning his trip to the National Encampment in Denver was made doubly interesting by his humorous anecdotes.

Falling in line with the action of other Maine service clubs, the Lions passed the following resolutions concerning the State Highway Police.

Whereas, the Attorney General of Maine has made a ruling that, under the present law, the State Highway Police must hereafter confine their work to traffic and patrol duty and,

Whereas, the State Highway Police have become an important part of the machinery for law enforcement, in cooperation with Sheriff's Departments and Municipal Police Departments, and have played an important part in locating, capturing and bringing to justice violators of our laws and have had an efficient department of criminal investigation,

Now, Therefore, Be It Resolved, by the Rockland, Maine, Lions Club, affiliated with the International Association of Lions Clubs, that we believe that limiting said State Highway Police to traffic and patrol duty only, will be detrimental to progress in the detection and apprehension of criminals and the enforcement of law and that what has been accomplished during recent years by the cooperation of the State Highway Police with the County and Municipal departments mentioned has tended to promote more efficient law enforcement and speedy apprehension of those guilty of crime and that it would be a backward step to have the State Highway Police limited in their duties and activities to traffic and patrol duty only.

Wherefore, Be It Further Resolved, that this club hereby places itself on record in favor of the enactment, by the Maine Legislature, as emergency legislation, of such laws as may be necessary, in order that the State Highway Police may continue to function in the future as in the past, to the end that the progress that has been made may not be lost and that the work of law enforcement and criminal investigation go forward in the future, as heretofore, with the cooperation of the State Highway Police.

#### AN ALMOST UNKNOWN FAIRY ISLE

One of the greatest attractions of Yugoslavia is the fact that the tourists have not yet found it in large numbers. I wish I could print with this paragraph a photo of the beautiful Lake Blede, which has lovers all over the world, and deserves every one of them. It is an alpine paradise of beautiful climate. In the middle of the lake is a high island—crowned by a white church which mirrors itself in the soft ripples of the lake at its feet. Tourists have raved with delight over Chillon and the Borrowed Isles of Switzerland and Italy, but wait till you see the church-crowned Isle of Blede. It is the most lovely. At Suvoor here, the King has his summer palace and the whole lake is rimmed with charming villas and comfortable hotels. All want a window, which will day and night look on this fairy isle. Not far away are the verdant slopes of the Julian Alps and if ever you are at Graz in Austria or at Trieste in Italy, remember you are only a few miles from this delightful spot. Its hot mineral waters and sports will make both the convalescent and the healthy happy here every day.

Up-to-date information on farmers' mutual fire-insurance companies is furnished in Circular 54-C, issued by the U.S. Department of Agriculture for free distribution under the title, "Developments and Problems in Farmers' Mutual Fire Insurance."

IN MEMORIAM  
In memory of Senia A. Hill who died Feb. 8, 1927.  
"Two lonely years have passed—  
Since our loved one went away,  
She will in our sincere hearts  
Remain to Eternity."  
Mother and Sister.

## CHILD'S RECOVERY ALMOST UNBELIEVABLE

If this happened in your family you, too, would call it a miracle.

Mrs. Julia Libby, Goodway Ave., Melrose (Mass.), writes: "Not long ago, when my youngest daughter was 3 years old, she was suddenly afflicted with a twitching of the mouth."

Finally, I happened to notice Dr. True's Elixir advertised. I gave her several doses which resulted in worms being expelled to the extent that in a remarkably short time her face returned to normal again and she has been in the best of health ever since. It is certainly a wonderful laxative and worm expeller, as it performed what seemed almost a miracle for me. I can't praise it too highly."

**Dr. True's Elixir**  
**LAXATIVE**  
**WORM EXPELLER**

Used for over 77 years

### SOUTH WARREN

Don't forget the date of the Valentine social, Feb. 16.

Mrs. Lula Libby visited Saturday at Addison Oliver's in Warren.

John Sears who has been stopping in Cushing for several weeks is now boarding with Mrs. Mary Libby.

L. R. Bucklin who, while loading ice sustained a broken rib in addition to other injuries is on the road to recovery.

The A.H.B. Club met with Mrs. Blanche McIntyre last Tuesday. This week the meeting will be with Mrs. Clarence Spear.

Mr. and Mrs. Charles Maxcy attended the Masonic installation at Tennant's Harbor last Thursday evening.

Alfred Ingersoll was a weekend guest of friends in Waldoboro.

Mrs. Dora Maxcy gave a card party to a few friends last Saturday evening.

Mrs. Viena French remains critically ill.

Five of the members of Good Will Grange attended Pomona in Union last Saturday. Although the expected speaker was unable to be present a very profitable session was held with a good attendance.

Mr. and Mrs. Fred Fernald entertained a party of friends Monday evening. Cards and a social time were enjoyed. At the close of the evening lunch was served, the principal dish being baked corn and milk. Mr. and Mrs. Fernald are well known as ideal host and hostess. There were 11 present.

### NORTH WARREN

It is good to report not so much sickness in this locality.

Mr. Ingham has sold his horse to parties in North Waldoboro.

White Oak Grange was invited to the installation of Maple Grange last Thursday night. About 18 members were present.

Friends of Mrs. Clara Whitney are sorry to hear of her serious illness, at the home of her daughter Mrs. William Stevens at the village.

Gertrude Mank has been absent from High School the past week on account of trouble with one of her ankles.

Mr. and Mrs. Lee Farris and family spent Sunday with Mr. Farris father in Pleasantville.

Alice Gammon who has been visiting her friend Mary Gracie has returned home.

Several from this place attended Pomona Grange in Union last Saturday.

### ORFF'S CORNER

Mrs. Ida Lash thanks all her friends for the shower of postcards recently received. She is now improving in health, very pleasing news to her many friends.

Calvin Bragg was in Lewiston recently.

Kenneth Elwell visited relatives in Tennant's Harbor and Glenmere Sunday.

Mr. and Mrs. Elaine Swift and family of Bunker Hill were Sunday guests of Mr. and Mrs. Harold Achorn.

Mr. and Mrs. Vellis Weaver and daughter Frances were in Rockland Monday.

Frank Weaver who has been a patient in Knox Hospital for two weeks is expected home today.

A baked bean supper was served at the Community House Wednesday evening followed by an entertainment given by Esten Boardman, Kenneth Boardman and others which was very much enjoyed.

The Farm Bureau will hold its annual joint planning meeting for men and women at the Community House next Friday.

### GROSS NECK

Mr. and Mrs. Freeman Vannah and son Sherman of South Waldoboro and Eugene Winchenbach of West Waldoboro were guests of Mr. and Mrs. Dewey Winchenbach Sunday.

Miss Edith Morse has employment in Rockland.

Mrs. William Gross visited Mrs. Annie Stahl of Broad Cove Tuesday.

Mr. and Mrs. Frank Simmons were recent guests of Mr. and Mrs. Leonard Gross at North Waldoboro.

Mr. and Mrs. James Waltz and daughter of Waldoboro and Mr. and Mrs. Allison Waltz and son of West Waldoboro were Sunday guests of Mr. and Mrs. Alden Waltz.

Frank Morse was in Bath recently.

Miss Addie Geale is caring for Mrs. Willis Hilton of Broad Cove.

Misses Martha and Sadie Winchenbach of West Waldoboro visited their aunt Mrs. Dewey Winchenbach Saturday.

Mrs. Sylvester Simmons is ill with grippe and is attended by Dr. Sanborn.

Mr. and Mrs. James Frank and daughter of Sheepscot were at Sylvester Simmons last Thursday.

Alden Waltz was in Warren last week on business.

Lady at hardware counter: "I want some nails."

Clerk: "What kind—eight penny, ten penny, twelve penny?"

Lady: "Give me twelve penny. I always take the best."

### PLEASANT POINT

R. E. Dunn of Thomaston was at his farm here Sunday.

Will Maxwell of Waldoboro spent Sunday with his parents Mr. and Mrs. John Maxwell.

Mrs. W. J. Morse visited over the weekend with her sister Mrs. Charles Bucklin in Rockland.

Vernard Watts of St. George is visiting his sister Mrs. Richard Shuman. Mr. and Mrs. Lyman McFarland of New Harbor were in this place recently. Mr. McFarland came to see his new boat which is being built by A. F. Morse & Sons, and Mrs. McFarland called on her uncle F. A. Flinton and family.

Mrs. O. W. Creamer and son Gerald of Thomaston visited her parents Sunday.

Mr. and Mrs. Bert McIntire of Warren were guests Sunday of Mr. and Mrs. Ansel Orne.

George Cazalis is attending the meetings at the Advent church in Friendship each evening that the weather is suitable for him to so by water.

Mrs. Richard Davis who has been ill the past week is now much improved in health.

L. O. Young has returned from a business trip to Boston.

James Seavey has his winter's firewood all out, and sawed into stove length, doing the work by hand.

Mr. and Mrs. Ernest Maloney, Miss Edith Maloney, Frank Towle and Mrs. Isabelle Drummond of Port Clyde spent Sunday with Mr. Maloney's parents.

Mr. and Mrs. A. R. Carle who have been spending two months in Hagerstown, Maryland, arrived home Saturday. Their neighbors are glad to have them return.

Walter Young went deep sea fishing Monday with good results.

Mrs. Sarah Seavey is visiting relatives in South Cushing.

Mrs. Eva Davis is visiting her parents Mr. and Mrs. Lawrence Creamer at South Cushing.

Henry Teel of Teel's Island was a visitor Monday at D. L. Maloney's.

Roy Seavey has returned to his home in Camden after passing a few weeks with his parents Mr. and Mrs. T. Seavey.

Melville Maloney, our Star Route mail carrier and brother Fred Maloney, each accompanied by their faithful dogs Dan and Dick, started out one morning this week in search of game. They traveled led to Pleasant Point, where they soon saw a track which looked to be that of some wild animal. The dogs soon started on its trail, and in a very short time they came upon the animal, which went up a tree. Mell was soon on the scene and fired three shots before the creature fell from the tree, and it proved to be a lynx, weighing nearly 50 pounds and which is attracting much attention.

### MONHEGAN

Entertainers Minstrel Show

The minstrel show given by the Monhegan Entertainers Saturday evening was well attended and a good time enjoyed as well as a neat sum realized. The cast and all colored troupe included: Interior, Lorimer Brackett; endmen Eldoras McLain and Bronette Poland; others of the cast: Manville Davis, Harold Osgood, Courtland Brackett, Mrs. L. Rae Pullen, Virginia Davis, Josephine Davis and Pearl Davis.

The chorus opened in a broadcast studio. Several selections were sung by the entire company followed with a solo by Lorimer Brackett. A request was received for record selections by Manville Davis from George Cazalis of Pleasant Point which was one of the hits of the show. Solos were then rendered "There's a Rainbow Round My Shoulder," by Josephine Davis, and "Sweet Adeline" by Rae Pullen, joined in the chorus by the remainder of the cast. The jokes and local hits were many and well received.

A comedy skit, "Local Gossip," was given by Pearl Davis, and Rae Pullen, the gossip being directed to members of the cast. Prof. Sambo, Do-are-de-do, (Courtland Brackett) violinist with his entire orchestra presented several selections: This orchestra was composed of the whole cast and received two curtain calls. Manville Davis and Lorimer Brackett were very good in two saxophone numbers. Josephine Davis and L. Brackett, with ukule sang "Blame It On the Two Black Crows," in which they put many local hits, after which four members of the cast did a clog act. Then followed more jokes and the closing number sung by the entire cast.

The program was opened with a stumpy speech by Mrs. Virginia Davis and some nice poetry composed of local hits. A quartet with Eldoras McLain, leader and banjo player, also Manville Davis playing the banjo was enjoyed and poetry read by Courtland Brackett from his famous book of poems. This book by the way measures about two feet square and caused much laughter. Ice cream and cake were served and cakes sold at the close. During the service Mr. McLain and Manville Davis played by request the banjo and accordion.

There will be a play presented in the near future. This was the first show given in the new community hall and met with great success, the sum realized being \$47.70, a very good sum considering the people remaining on the island just now and in the coming months it is hoped a much needed piano can be obtained.

### APPLETON

A slight earthquake tremor was felt here Tuesday afternoon.

L. G. Hall who has been quite ill is improving.

Fred Cunningham an officer at the Bangor State Hospital visited at his brother's here recently.

Albert Sherman is operating on the lumber lot he bought of Mr. Cordell.

Will Miller has a crew on the Pease lot.

Brown & Sprowl sold a large lot of beans to Mr. True of Hope Corner for canning.

Carle Bros. of Camden were business visitors here Tuesday.

Cows fed legume hays will give more milk than when fed grass hays. Because of the greater palatability of legume hays, they will eat a larger quantity of them, and a smaller expenditure is required for supplementary feeds.

## ALWAYS KEEPS IT ON HAND

Lydia E. Pinkham's Vegetable Compound Helps Her So Much

Pittsburgh, Pa.—"I was just completely run-down. I had tired, heavy, sluggish feelings and I could not eat. I was losing weight. I read so much about Lydia E. Pinkham's Vegetable Compound and what a good medicine it is, that I started taking it. I have taken eight bottles of Lydia E. Pinkham's Vegetable Compound and the same in tablet form. This is one medicine a woman should have in the house all the time. I am improving every day and I am able to eat. I am willing to answer any letters asking about the Vegetable Compound."—MRS. ELIA RICHARDS, 21 Chautauqua St., N. S. Pittsburgh, Pa.

There will be a senior dance at the Armory Saturday night. Refreshments will be served at intermission.

Mrs. Josephine Headley is substituting at the Washington School for Miss Helen Carlson who is ill with grippe.

Saturday afternoon Mrs. Day of Hollis, Me., came to North Haven for a visit with her sister, Mrs. George Lewis.

Monday afternoon Merle Mills and daughter Beatrice returned from Rockland. An x-ray revealed conditions favorable to recovery of Beatrice without operation. Mrs. MacDonald who has been such a help in this time of sickness also returned.

Tuesday afternoon the Ladies Guild held an all-day session with dinner at the church at noon. The weather was ideal and a large number of ladies was present.

Mr. and Mrs. James Haskell are slowly recovering from the grippe.

Joseph Bellmore is at work at the James cottage.

## FLU EPIDEMIC NOW SWEEPING WHOLE COUNTRY

Is Milder Than In 1918, But Emergency Demand For Vicks Breaks All Records

The influenza epidemic which broke out late in October on the Pacific coast has spread with startling rapidity until now practically every section of the country is affected.

Although the flu itself is not so serious as in 1918, authorities stress the importance of taking every possible precaution for fear of the complications which invade the weakened system after a flu attack.

They urge especially prompt treatment of every cold, as colds lead to the body resistance and make it easier for germs of flu or pneumonia to get a foothold.

That the public is heeding this warning is indicated by the phenomenal demand for Vicks Vapo-Rub, the famous external treatment which leaped to fame almost overnight during the 1918 epidemic.

In spite of tripled capacity, the Vicks laboratories are once more operating night and day to meet the emergency, and more than 432,000 jars are now being produced every 24 hours.

### GET CHICKS EARLY

And From Good Stock If You Wish Early Fall Production

Whether a farmer is to get 70 cents an hour for his labor with his poultry flock, or 24 cents an hour, depends largely upon whether he can get his pullets into production in time to take advantage of high winter egg prices. It is shown by a recent experiment conducted in Ohio.

A large percentage of the farmers throughout the country can nearly triple the labor income from their chickens, merely by managing the flock so that at least 25 percent of the year's egg production comes between Oct. 1 and Jan. 31, according to the results of this test.

A group of farmers were united for this experiment. Half of them managed their poultry flocks so that 25 percent of the total yearly production was disposed of in October, November, December and January, when eggs are highest in price. Figures showed that this practice boosted their year-round average price to 38.7 cents a dozen for all eggs sold, and gave them a return of 70 cents for every hour of labor on poultry, after allowing for all other costs.

A second group of farmers, who did not get their pullets in condition for fall egg production, selling only 4 percent of their eggs in the four high-price months, received only 30.8 cents a dozen for their year-round average price, and made only 24.5 cents an hour in labor income.

The secret of obtaining fall egg production lies in securing chicks early, from good parent stock, so the pullets will be laying in early October, when the demand is heavy and the prices start to mount.

Endorsement of this policy is made by leading hatcherymen throughout the country who recently united under the slogan, "Hatchery Chicks For Greater Profits." They pledge better quality chicks to their customers, and every assistance in helping customers raise their chicks into profitable poultry flocks.

### WHITE HEAD

Edwin Faulkingham, U.S.C.G., who has been at the Marine Hospital in Deerling for four weeks, arrived home Feb. 4.

Forrest Black of Port Clyde is a guest at Charles Wall's for a few days.

Mathews, marshal; Arthur Ritten, S. D.; Aaron Clark, J. D.; Samuel Reed, S. S.; Bernard Robinson, J. S.; Peter Hill, tyler.

Meeting of The D. A. R.

Gen. Knox Chapter, D.A.R., met at the home of Miss Hortense Wilson last Monday evening with a good attendance. The regent, Mrs. Effie Seavey, presided, and in the absence of Mrs. Bunker, the recording secretary, Mrs. Lavinia Elliot kept the records. A letter was read from Mrs. Lois M. Creighton, State representative for the Knox Memorial, urging the chapter's attendance at the legislative hearing in Augusta, Feb. 14, in regard to action on Resolutions of Senate and House of Representatives for the appropriation of \$25,000 for this worthy object, and letters were read from several members of the Knox County delegation to the State Legislature pledging their support.

Mrs. Overlock, chairman of the Ellis Island committee, reported that a very satisfactory box had been filled and sent by the chapter.

Mrs. Lavinia Elliot reported that plans had been made for the chapter to hold a banquet at Knox Hotel, Washington's Birthday, with a program and toasts, each member to invite a guest.

The following delegates and alternates were elected to attend the Continental Congress in Washington in April: Delegates—Mrs. Effie J. Seavey, regent, Mrs. Cassandra Washburn, Alternates—Mrs. Anne Waldo Lord, Mrs. Lavinia C. Elliot, Mrs. Josephine P. Walker, Mrs. Cora Currier, Miss Mary J. Watts, Mrs. Lada M. Newcombe, Mrs. Emily Stevens.

The following were elected delegates and alternates to the State Conference to be held in Dover-Foxcroft in March: Delegates—Mrs. Effie J. Seavey, Mrs. Lavinia Elliot, Mrs. Josephine Walker, Mrs. Lilla Elliot, Mrs. Louise Hewett, Miss Harriet M. Dunn, Miss Hortense Wilson, Mrs. Katherine Harty, Alternates—Mrs. Mary Overlock, Mrs. Cora Currier, Mrs. Emily Stevens, Mrs. Annie Willey, Mrs. Ella Dunn, Mrs. Clara Williams, Mrs. Maria Copeland, Mrs. Elizabeth Dunn.

A very interesting paper on "The Washingtons at Home" was read by Mrs. Emily Stevens.

Refreshments were served by the hostesses, Mrs. Mary Overlock, Mrs. Louise Hewett, Mrs. Jane Heald, Miss Harriet Williams and Miss Wilson.

# ANNOUNCING OUR NINTH FEBRUARY SALE BURPEE FURNITURE CO.

## Beginning Saturday, February 9th - - Ten Days of Low Prices

## Every Piece of Merchandise in This Great \$100,000 Stock is Placed On Sale - COME EARLY

### CAMDEN

The weekly meeting of the Rotary Club was held on Tuesday with luncheon at noon. Alan F. McAlary of Rockland was a visiting Rotarian and Hon. J. H. Montgomery, J. Hale Hodgman and F. H. Thomas of Camden were guests. The program presented was a debate between Oscar H. Emery and President Charles Lord on the present plan of prohibition enforcement.

News was received in town on Tuesday of the death in Washington, D. C. of Joseph H. DeFrees of Chicago. Mr. DeFrees with his family occupied his summer home, Shoreland, during the summer season.

Mr. and Mrs. Finlay Calder will entertain the San Souci Club this evening at dinner and auction. Irene H. Burkett and Arthur Morin were united in marriage at Rockland on Tuesday morning by Rev. J. A. Flynn. Both bride and groom are very popular and they have the best wishes of a host of friends for future happiness. Mr. and Mrs. Morin will reside in Camden.

The annual ladies night of the Business Men's Association was held on Monday evening. A concert was heard from \$3.00, until 9 o'clock, music being furnished by Kirkpatrick's orchestra. C. Wilkes Babo is president of the club and the social committee. S. Hansen, chairman, M. T. Crawford, A. H. Parsons, Marcus Chandler and Dr. Fred Powers were assisted during the evening by F. W. Miller, Hugh Montgomery, W. Monroe, Joseph Brown and George Thomas.

A committal service with Rev. F. Ernest Smith officiating was held at the Mountain Street cemetery yesterday afternoon for the infant daughter of Mr. and Mrs. Harry Fitzgerald of Rumford, formerly of Camden.

On Thursday, Feb. 14, the Friends-In-Council will hold an auction party at the home of Mrs. P. J. Good. Each member will invite a friend and there will be sixteen tables in play.

The regular meeting of the Meunitee Grange was held last evening.

Miss Hazel Baker is confined to the house by illness.

Limerock Valley Pomona Grange will meet next Saturday with Meguntee Grange, Camden. Following the afternoon session supper will be served after which the fifth degree will be conferred. The evening program will be furnished by the host Grange.

### MRS. JENNIE M. WOTTON

Many were saddened to learn of the death of Mrs. Jennie M. Wotton, which occurred Jan. 31. Funeral services were at her late home on Georges street, Thomaston, at 2 p. m. Monday. Interment was in Friendship. Mrs. Wotton was born in Friendship, Sept. 26 1850, daughter of Mr. and Mrs. James and Martha Lawry. She was married to Alonzo Wotton in October 1881. Two children were born to them—Mrs. Celia Gonthier and Mrs. Ethel Watson.

Mrs. Wotton was a member of the Advent church and strong in her Christian belief she was a devoted wife and mother. She leaves to mourn her loss a husband, two daughters, six grandchildren, and three great grandchildren. She will be greatly missed by those who loved her.

Into sweet rest she entered. No more to suffer or weep. For safe in the arms of Jesus Dear mother has fallen asleep.

Muskat raising has the advantage over the production of most other fur-bearing animals in that muskrat feed and breed when left to themselves, and all the owner of a marshland has to do is to maintain an attitude of "watchful waiting" until the trapping season. Muskrat fur is increasing in popularity, and muskrat raising should receive consideration in any agricultural plan of land utilization, according to the Biological Survey of the U. S. Department of Agriculture. Marshes provide the food; the muskrats take care of themselves and, being prolific, will produce enough young for the trapping season.

Hens are creatures of habit and will give best results if attended to regularly. Remember a hen that spends all her time in one pen has little to do but watch for the next feeding. She should be fed at regular times early in the morning and afternoon. If a moist mash is fed, it also should be given at the same time each day.

### ROCKPORT

Mrs. John T. Vose of Portland is the guest of Mr. and Mrs. Ralph Buzzell.

Mrs. William Price is receiving treatment at Knox Hospital.

Friday, Feb. 22 is the date for the "Historical Tea" to be given by the Tenthredin Club at the Baptist church. Rehearsals are being held for the play "The Women Who Did." Remember the date and plan to be there.

The Social Eight met Tuesday evening with Mrs. Mary Whitman as hostess.

Among the many enjoyable affairs of the Social Eight the party given Monday afternoon by Mrs. Annie Gardiner was unique, the guests appearing in weird costumes and presenting the hostess with appropriate gifts, many of them accompanied by verses. Cards were played and refreshments were served.

A counter has been added at the postoffice where candy will be on sale.

### MRS. LOIS GREGORY

Lois Evelyn Gregory, the last of a family of 14 died at the family home, now residence of her son, Maurice Gregory, at Glenview in Rockport, on the morning of Tuesday, Jan. 29, at the age of 83 years, following an illness of two years' duration.

Mrs. Gregory was born in Northport, the daughter of Cornelius and Urania (Elwell) Rhodes. March 10, 1865, she was married to Charles M. Gregory of Glenview, where she made her home until the end of her earthly pilgrimage. To them were born four daughters and four sons. By a very sad accident on the morning of Dec. 28, 1892, she was left a widow.

Mrs. Gregory was a woman of unusual Christian character, faith and vitality. Capable in many ways, she lived in full sympathy and understanding of her times and gave herself to a ministry of love and devotion which will never be forgotten by those who knew her and loved her. This was exemplified repeatedly as she went from home to home, bringing joy and service as an experienced nurse.

She was originally a member of the Rockport Baptist church, but in later years, up to the time of her illness, attended the Littlefield Memorial church on Camden street. Her passing is mourned by three daughters and four sons: Mrs. Bessie A. Hewett and Mrs. Eva Chaples of Rockland, Mrs. Mary E. Crockett of Camden, Fred, Maurice, Charles, Gregory of Glenview, and Hiram Gregory of Haverhill, Mass. Surviving grandchildren are Mrs. Frances Hewett and Mrs. Monira Blodgett of Somerville, Mass., Miss Bessie Gregory of Haverhill, Mass., Mrs. Orey Tolman of Woodford, Mass., Martha Shibles of Westbrook, Arlene and Vivian Chaples of Rockland, Mrs. Evelyn Hale of Camden, Maurice Gregory, Jr., of Stone, Mass., Charles G. Hewett, Donald Chaples, Wendell Chaples of Rockland, Fred Crockett and David Crockett, Jr., of Camden. There are 11 great grandchildren.

Funeral services were from the home of Maurice Gregory at Glenview January 31. Her four sons, performing last filial duties, Maurice, Fred, Charles and Hiram Gregory were bearers. Many floral offerings bore tribute to the high esteem in which she was held by her many relatives and friends. Interment was made in the family lot at Achorn cemetery.

Mrs. Wotton was a member of the Advent church and strong in her Christian belief she was a devoted wife and mother. She leaves to mourn her loss a husband, two daughters, six grandchildren, and three great grandchildren. She will be greatly missed by those who loved her.

Into sweet rest she entered. No more to suffer or weep. For safe in the arms of Jesus Dear mother has fallen asleep.

Muskat raising has the advantage over the production of most other fur-bearing animals in that muskrat feed and breed when left to themselves, and all the owner of a marshland has to do is to maintain an attitude of "watchful waiting" until the trapping season. Muskrat fur is increasing in popularity, and muskrat raising should receive consideration in any agricultural plan of land utilization, according to the Biological Survey of the U. S. January freezes often mean trouble with water pipes. To thaw out a frozen pipe, apply heat gently at first, working toward the supply, never from the middle of the pipe. Open a faucet to show when the flow starts. When thawing a waste or sewer pipe, work upward from the lower end to permit the water to drain away. Apply boiling water or hot cloths at first. If there is no danger of fire a torch or burning newspaper may be tried.

NOTICE OF FORECLOSURE  
Whereas Adelaide R. F. Prince of Camden in the County of Knox and State of Maine, by her mortgage deed, dated September 11, 1926, and recorded in Knox Registry of Deeds, Book 208, Page 532, conveyed to the undersigned, Miles B. Davis, of Thomaston (now of Rockland) in said County of Knox, a certain lot or parcel of land, with the buildings thereon, situated in said Camden, bounded and described as follows, to wit:

Beginning in westerly line of Chestnut Street at a rock marked "X," the same being corner of land formerly owned by heirs of the late Wm. Simonton, and formerly occupied by T. R. Simonton; thence South 15 deg. East or as said street runs two rods and one link to corner of land formerly occupied by Warren Conant, and also formerly occupied by R. L. Cross; thence southeasterly, bounded by said Conant land to corner of said Simonton's land; thence north 15 deg. West, bounded by said Simonton's land, one rod and eight links to a corner; thence northeasterly, also bounded by said Simonton's land, four rods and sixteen and one half links to place of beginning.

See deed of Lena P. Cleveland to Adelaide R. F. Prince, dated September 11, 1926, and recorded in Knox Registry of Deeds. And whereas the condition of said mortgage has been broken.

Now, therefore, by reason of the breach of the condition thereof, I claim a foreclosure of said mortgage.

Dated at Rockland, Maine, January 22, 1929.  
MILES B. DAVIS,  
Knox, SS.

FULLER-COBB-DAVIS

Street Floor Mail and Telephone Orders Filled

A jolly group of young folks enjoyed games and refreshments at the Klan Home on Brewster street last night and plan a similar event for the near future.

Norman O. Whitehill and Richard Wyllie of Thomaston left for Stamford, Conn., Monday, where they will enter the Bartlett School of Tree Surgery.

The Community Yacht Club received a nice check this morning from T. Chalton Henry of Rockport. Mrs. Henry had previously contributed.

Albert P. N. Tribou has gone to Hampden, called by the death of his mother, Mrs. Mary Jennings. Funeral services will be held there Friday at 2 o'clock.

The Methuen Club will meet at 2.30 p. m. Friday at the G.A.R. parlors. Leader Mrs. Rich; subject, "Current Events." Three guest speakers.

William O. Mank entered Knox Hospital yesterday for medical treatment.

Mrs. Harry A. Mather has returned from North Hampton, N. H., where she was called by the death of her mother.

Charles S. Grotton of Glencove was operated upon for appendicitis at Knox Hospital Wednesday. His condition this morning is favorable.

Norman Waldron and Herbert Prescott are home from Bowdoin College for a short vacation. Mr. Waldron underwent a throat operation Tuesday.

Frank S. Rhodes of the Boston Shoe Store is in Boston on a business trip.

The home of Mrs. A. W. Beaton was the scene of an attractive and unique party when the engagement of her daughter Margaret was announced to Yeto Leo of this city, the regular Italian form being carried out. Refreshments were served and there was music and dancing. The young couple were deluged with congratulations and best wishes.

**TO MEET HULBERT**

Maine Elks Will Be In Portland When Grand Exalted Ruler Comes

Maine Elksdom will meet in Portland to honor Grand Exalted Ruler Murray Hulbert of New York Tuesday evening, Feb. 19, when a banquet in his honor will be held at the Fairmount Hotel.

While arrangements for the reception are under the auspices of Portland Lodge of Elks, the newly organized Maine Elks Association is to take an active part and Rockland Lodge will be prominent at the gathering.

Rockland Lodge is a member of the State Association and Secretary Wallace E. Spear of the lodge is a member of the association relations committee.

Grand Exalted Ruler Murray Hulbert has been an Elk since March 15, 1908 and acted as exquire of New York Lodge, No. 1, from 1908 to 1911, was esteemed loyal knight in 1911-12, and exalted ruler in 1912-13. During the 20 years of his membership he has been actively identified with the undertakings of his own lodge, being a member of the social and community welfare committee, which raised and distributed for community charities last year a sum in excess of \$80,000.

He has served in the House of Representatives from the 21st New York District and in 1918 resigned to become commissioner of docks and director of the Port of New York. He was president of the board of aldermen of New York City in 1921 and acted as mayor during the long illness of Mayor John F. Hylan.

He was four times elected president of the Amateur Athletic Association of the United States, American commissioner of the International Athletic Federation, and vice president of the Olympic Games Committee.

Following his election as grand exalted ruler of the Elks, he journeyed to Amsterdam to supervise the Olympic games and through his efforts the next Olympic games will be held in Los Angeles, Calif.

In the Grand Lodge of the Elks he has served as chairman of the committee on reception to General John J.

Lime Rock Railroad Locomotives Worried About the Coming Stranger

The Lime Rock Railroad has recently contracted with the Plymouth Locomotive Works for a new 20-ton model H.L.A. gasoline locomotive of latest design and equipment. It will have for power a 180 h. p. six cylinder Le Roi heavy gasoline engine and in addition to the regular outfit will have standard M.C.B. automatic couplers, and be equipped with air.

It has a wheel base of 7 1/2 inches, length over automatic couplers 21 feet, 5 inches. The transmission is the sliding gear type with double reduction—four speeds both forward and reverse and will be capable of making a maximum speed of 15.5 miles per hour.

With its additional equipment this locomotive will be prepared for all types of work coming under the jurisdiction of the Lime Rock Railroad, but it will probably be used chiefly at the quarries as a shifter.

It is expected that this new addition to the Lime Rock's rolling stock will be put into commission in the very near future.

## RADIO COMPASS

"Boze" Explains Its Mysteries and Makes Acquaintance of Gyroscopic

Somerville, Mass., Jan. 29. Editor of The Courier-Gazette:— Jan. 20 I paid a visit to the S.S. Katrina Luckenbach lying at the Commonwealth Pier, Boston. This is one of the Luckenbach line which plies between Boston, New York and Philadelphia through Panama Canal to Pacific Coast ports as far north as Portland, Oregon.

This steamship is in command of Capt. Linus Jellison whom I had never met. He was formerly of Tenant's Harbor, son of J. W. Jellison and was very much surprised to find that I was "Boze," his father's friend. Our time was limited on board, but we did get a chance to see the radio compass, and since the rescue of the crew of the S.S. Florida by the S.S. America by the aid of the radio compass, I am very glad I did have the opportunity of seeing it. When you consider that the Florida was 150 miles from her reported position, the radio compass played a great part in finding her.

Those of you who have the Boston papers will see a picture and a description of the radio compass. To those who do not, a word about the radio compass will not be amiss. On the bridge is a tank looking like a small water tank, supported on four rods; inside the tank is an oval receiving coil which revolves on ball bearings. This is connected to a shaft running down through the roof, with the rest of the compass in the pilot house. Here is the binnacle, a cylinder resting on the floor and standing almost shoulder high, which contains a sensitive eight-tube receiving set, earphones, a flickering light, which makes the radio signals visible, so they can be read across the room, and a "dummy" compass above the receiving set, across which is suspended a wire like an indicating needle. The wire is directly attached to the shaft which turns the receiving coil on the roof. When a small hand wheel on the shaft is revolved, the loop on the roof is turned and the wire over the dummy compass swings around with it.

All radio compass bearings are taken in respect to the ship's head; that is, either the signals are coming in from dead ahead or so many points to one side of the ship's course, according to the number of points indicated on the dummy compass by the suspended wire. The ship's course is then altered in the direction of the radio signals, to find the distressed ship.

There was another compass on the ship as new to me as the radio compass. This was a gyroscopic. This is an intricate piece of machinery and weighs about 50 pounds and has 2400 different parts, with a wheel that makes 6000 revolutions a minute, run by electricity.

This is on the principle of a spinning top, and has something to do with the ship as she goes up hill or down hill. As near as I can make it out a ship going from Boston to the Equator would be going up hill. I didn't have a chance in 1923 on the schooner Challenge to see the workings of these two compasses, so you will pardon me if I do not make plain the working of them.

Boards ordinarily return some profit to the boarding-house keeper, but the "boarder" could not even pay for her keep. Cull out the so-called "boarders" or low-producing cows from the dairy herd and says the U. S. Department of Agriculture, and feed the remainder according to their ability to produce.

## ZEPPELIN VS DIRIGIBLE

Webster's New Dictionary Shows Us How The Two Words Are Misused.

The German airship, Graf Zeppelin, carried among its passengers on its recent bold venture across the Atlantic, Count Brandenstein-Zepplin. Perhaps some people wondered how this man happened to bear the same name as the dirigible—and whether a zeppelin is a dirigible or not? Count Brandenstein-Zepplin is the son-in-law of Ferdinand, Count von Zeppelin (1838-1917), after whom this particular type of dirigible is named.

For a zeppelin is "a dirigible balloon of the rigid type, consisting of a cylindrical, trussed and covered frame supported by internal gas cells and provided with means of propulsion and control." Because the first dirigible of this type to make a successful flight was constructed (about 1899-1900) by Count von Zeppelin, the airship was named after him.

To use the name dirigible alone as the name for an airship is a modern shortening of the older "dirigible balloon." For the word dirigible, according to Webster's New International Dictionary, means simply that which "can be directed," that which is steerable. The word comes from the Latin "dirigens," and from the verb meaning to direct; dirigible and direct, as words, are of similar origin. A dirigible is thus merely a balloon that can be controlled or steered. Note also that in the pronunciation of this word the accent is on the first syllable, dir-.

## WALDO TYLER EXPLAINS

Well Known Radio Fan Discusses Radio Interference, and Absolves Amateur Code Operators

Editor of The Courier-Gazette:—

"Where's all this interference coming from?" a simple radio question that seems to fall upon my ears 50 times a day to which I usually answer, "I do not know." Usually not a very satisfactory answer, but at least 100% truth. I have discussed interference with scores of radio fans and I never ran across one yet that could give a good reliable description of what he called interference. It's either "a steady roar," "a mushy sound," "something like static," some d-r code station," "sounds like a motor," "rat-tat-tat-purr-buzz-bang," "somebody with a single circuit set right near me" or a half dozen other abbreviated lines, each "clear as mud" as far as a description of interference goes.

Chasing interference is like shadowing a criminal, you've got to watch every move. You got to analyze the sound, log it on your dial record its habits of going off and on, in black and white, and time it by the clock. After checking it up long enough to know some of its habits you can depend upon it, if it has any degree of regularity about it, that it is probably man made. This brand of interference which is only one of several can originate from no less than 1,001 different sources, many being probably right in your own neighborhood.

By calling it "man made" I do not mean exactly that I haven't discovered a man yet who goes around shooting off sparks, although a lot of them shoot a lot of hot air equally as annoying. Perhaps I could more safely call such interference "man controlled," although it may have its origin in some electrical contrivance being entirely controlled by the lady of the house, such as the vacuum cleaner, bread toaster or coffee percolator.

It is nearly always safe to say that any electrical appliance or piece of machinery that causes interference to radio listeners is "out of order," "defective," "busted" or worn out or else the operator in charge is guilty of carelessness. Usually such interference is in the form of a spark emitted from some worn or over-worked part of the appliance or machine, and such sparking or arcing can be heard over long distances by sensitive radio receivers, some of it traveling over the electric light wires for miles.

Let me enumerate a few possible sources of interference.

Oil burning furnaces, X-ray equipment, dental motors, motion picture theatres, telephone exchanges, arc lamps, incandescent street lamps, flour mills, factory belts, electric farming pads, precipitators, farm lighting plants, railroad signals, telegraph lines, stock tickers, street railways and interference originating in the receiver itself. There are scores of other offenders each offering its own little bit to add to the noise level of each locality and if you readers don't know what I mean by noise level just go out after a weak station some night and you will either get the station or the noise level will keep you from it. The old Browning-Drake with the regenerative detector was a great set for digging down into the noise level after a "one-lunged" DXer.

Sidestepping spark and arc interference, let me stop long enough to remark about the squealers. There's a few of 'em left yet, but they are dying out slowly but surely. The law against squealers, although never enforced to my knowledge has had a surprising moral effect among radio listeners. I ask some of you readers who were listening in two years ago to put the O.K. on this statement. Now when some "wise" listeners get to raving about code and blaming it on the amateurs they are treading on my toes, so I have just naturally got to come back and tell them that they are not listening to code from amateur stations, at least not with a broadcast receiver, unless it is "out of order." To hear the amateur operators you must have a short wave receiver, for it isn't likely you are going to hear an 80-meter station on a 200 to 600 meter receiver and then go around bragging about it. Read that last sentence over again; it's good stuff. To begin with you must have an

## NEED OVERHAULING

Com'r O'Malley Urges Simplification Of Maine's Game Laws

Henry O'Malley, United States commissioner of fisheries, speaking before the combined Cumberland county and Sebago Lake Fish and Game Association in Portland at the Congress Square hotel Friday pictured Representative Wallace H. White Jr., as a new type of wild life conservator, declaring that he is one who recognizes unfavorable conditions, plans corrective measures and then works unceasingly to put these plans into operation.

Commissioner O'Malley was made a life member of the Cumberland Association after his talk, in which he pleaded for a simplification of Maine Fish and Game Laws, and the general logical development of the State's wild resources.

Outlining Representative White's quiet work in redeeming the Alaskan Fisheries by sponsoring a bill now ready for Congress's consideration calling for the doubling of Federal hatcheries and in other fish and game matters, Commissioner O'Malley expressed his belief that if one Yankee could do so much, a group of them easily could develop Maine's resources, if sectionalism could be left aside.

The commissioner declared that he might be so appalled by the mass of fish and game laws on Maine statute books that he would be tempted to make a proposed fishing trip in another State where the fishing was less good and the regulations simpler. He suggested that one brief legislative act, empowering the fish and game commissioner to impose necessary regulations, would sheer from the statutes volumes of verbiage with no ill effect on game protection.

"It is all very well," he declared, "to allow non-resident fishermen and

hunters to foot the bills in the payment of license fees, but if they ever tire of it, the financing will stop. The present revenue from the resident fishing license is not enough to support one hatchery. The license fee should be increased, and that increase should go into the Department of Inland Fisheries and Game and not into the general fund of the State. A fee of \$1 or \$1.50 cannot be considered a drain on the pocketbook when the best fishing in the northeastern United States is at stake.

Commissioner O'Malley declared that popular favor might be gained, perhaps, through allowing boys and women to fish without licenses, but that it was more important to establish the principle that fish worth having are worth paying for. The rearing of fish to a large fingerling size before planting them and the development of private nurseries he advocated, as well as freedom from pollution of fishing waters.

Michigan, he pointed out, is regarded as a Mecca for fishermen in that section of the country, yet it has not the advantages of Maine. He said that Maine was the only State with Atlantic salmon and square-tail trout fishing and with numerous other fishing advantages which deserved conservation.

"Be content with the fish indigenous to your native soil," he said, "and do not commit the folly of importing fish native to other localities." Michigan, California, Wisconsin, Minnesota and Pennsylvania, he declared, were outstanding in their handling of fish and game matters. Each, he continued, have departments of conservation and the policies of those departments are executed by experts, as such, and not because of their political connections.

"Why not," he suggested, "adapt the policy of one of those states to Maine and determine whether the State is one that requires exceptional treatment?"

A resolution, urging action by the present Congress on the Norbeck Game Refuge bill was passed unanimously.

## GASOLINE TAXES

State Auditor Hayford Furnishes Some Interesting Figures

A constant increase in the number of those who claim exemption for gasoline used in stationary engines, motor boats, agriculture and industry from year to year is reported by State Auditor Hayford, whose department is charged with the duty of administering the gasoline tax law.

"For the year ending June 30, 1926, the first year in which rebates were required to be paid," said Mr. Hayford, "we returned to users of gasoline, \$28,122.04, while for the year ending June 30, 1928, there was returned \$68,458.66."

A compilation of gas tax returns by years since the first such bill was passed shows the following receipts:

July 1, 1923 to June 30, 1924, \$451,307.30.

July 1, 1924, to June 30, 1925, \$560,038.42.  
July 1, 1925, to June 30, 1926, \$1,656,104.51.  
July 1, 1926, to June 30, 1927, \$2,051,788.16.  
July 1, 1927, to June 30, 1928, \$2,746,481.14.  
Total, \$7,456,719.53.

"The gasoline tax receipts in the calendar year 1928 have shown a gratifying increase of about 41 per cent over the receipts of the year before," said Mr. Hayford. "The tax was one cent a gallon in 1923 and 1924. In 1925 it was increased to three cents a gallon and in 1927 to four cents a gallon."

"The total cost of collection, including an investigator, auditors, traveling expenses, postage, stationery, etc., to date has been \$36,897.34, which is about one-half of one per cent of the receipts. The investigation and audit in the past two years has resulted in increasing the receipts from this source some \$32,416.41 and there has been collected on inventory tax \$8,906.91. None of the gasoline tax is delinquent in Maine."

### What Doctors Think of the Laxative Habit

In all history, no Indian was ever known to have constipation. Nor need YOU. He chewed the bark of a tree called cascara. Today, we have the candy Cascaret.

Cascaring the bowels never forms a laxative habit. If already formed, an occasional Cascaret will usually break the habit. For cascara strengthens the muscular walls of the bowels, and their need of any aid at all grows constantly less. What other cathartic has this characteristic? The writer knows of none.

An evacuation brought gently about by cascara will, nine times in ten, be followed by full functioning of the bowels on the morrow—and for days afterwards there is no REACTION as with sickening salts, or any of the man-made purgatives that go through one's system like a bullet.

Physicians tell us cascara is the ideal laxative—and the tongue tells

us candy Cascarets are its ideal form. At least a million people know this: what a pity there are any who don't! Especially parents; because children love to take a Cascaret. After which, for days-on-end, the bowels will be seen to work of their own accord.

The only habit from cascara is that of regularity! Cascarets tone and train the bowels. But at the first sign of returning sluggishness another Cascaret is as effective as the first.

There isn't a druggist who hasn't Cascarets, so WHY experiment with laxatives?
